ADDRESS.

The Directors of the Vigo Agricultural Society, on presenting this, their Fourth Annual Premium List, urgently request the co-operation of the citizens of Vigo and surrounding counties.

The object of the Fair is to create an increased interest among the people in all branches of industry; to give an opportunity for the exhibition of improvements of all kinds in Live Stock, Machinery, Manufactures, Farm Products, and Household Articles.

If a person has an article of merit let him bring it and show it to the thousands of his neighbors who will congregate upon the Fair Grounds; if a farmer has a good breed of animals, let him take them to the Fair and advertise them, everybody in the County will then know where to find them. It will pay!

The Grounds are in complete order for the exhibition of everything to the best advantage.

Two thousand dollars in Cash will be distributed among the exhibitors.

Every man in the county should set apart two or three days of the Fair week for recreation, sociability, and instruction; let him take his whole family, and let each one of them take some product of their industry for exhibition.

Our Fair Grounds are the most complete of any in the State. The land, is owned by Vigo county, and is leased to the Society for a term of twenty years. The fence, halls, and all the improvements belong to the Society. The Society is a stock company; the capital stock is ten thousand dollars; four hundred shares of \$25 each; three hundred and twenty-four shares have been taken, and seventy-six are yet untaken; \$2000 has been paid in.

The farmers and business men of the County are invited to subscribe for at least one share of stock. Each stockholder who has

2. No person shall be allowed to hunt or shoot birds, squirrels, or other game within the enclosure of the grounds, nor carry fire arms for such purpose, nor to discharge any gun, pistol, rifle or musket at a mark or tree, nor to do any act of a similar nature which might endanger human life: *Provided*, That this rule shall not apply to officers of the law, while in the discharge of their duty, nor to trap shooting at caged birds.

3. No person shall be allowed to hitch or tie any horse, mare, mule or other animal to any of the trees or saplings growing within the enclosure of the Fair Ground, or to cut into or injure any growing tree or sapling contained therein, or mark or deface any of the buildings.

4. No person shall be allowed or permitted to tie or hitch any horses, mares or other animals to the *outside* of the fence surrounding the Fair ground, nor to place any wagon, carriage, buggy, or other vehicle nearer than five feet of the same.

5. The Fair Grounds having been purchased by the people of Vigo county for the benefit of Agriculture, the Mechanic Art, and the improvement of the breed of Domestic Animals, the grounds are hereby *specially* dedicated to the means necessary to accomplish those ends, and they shall always command a preference over all others in the use of the grounds.

6. The ground shall be open, on proper occasions, to visitors from all parts of the county, and may be used by all classes of our citizens for such innocent and lawful amusements as is customary and proper, and without charge, except on the occasion of State, District and County Fairs, and trotting and other matches, when reasonable entrance or other fees may be charged by persons having the management thereof.

7. Racing, Trotting and Pacing matches, except during the weeks of State and District Fairs, shall be exclusively under the control and by the permission of the Agricultural Board, and that body alone, or a Committee properly appointed, shall have the right to grant permits for trotting, pacing, and racing matches, under such restrictions as may be instituted by the Society.

8. No contracts for the occupation of the ground for such matches shall ever be made with persons non-resident of Vigo county, or with those who are unknown to this Board, or its regularly constituted committee; and the Board reserves the right to declare any contract void, should the contracting occupants conduct these matches unfairly, or in a manner to bring discredit upon themselves, himself, or associates.

9. No charge shall ever be made for the use of the Grounds to Sunday School associations, benevolent societies, Fourth of July celebrations, Picnics from town or country, nor to those who seek pleasant and innocent amusements without the hope or design of pecuniary gain. The gates remain freely open to the people of the county, of all classes, and without reference to sect, party, or condition, except as provided above.

10. Gambling, by the use of cards, dice, roulette tables, and all other devices of whatsoever nature, is absolutely and forever prohibited on the Fair Ground, and persons offending against this rule shall be promptly arrested and handed over to the civil authorities, to be dealt with according to law.

11. The grounds shall not be open on Sunday for trotting, pacing or running, nor for practice, the same being considered a violation of the Christian Sabbath, and calculated to lead to abuses which all good citizens should discourage.

Messrs. Thomas Dowling, H. D. Scott and Jos. Gilbert were appointed a committee to have charge of letting the grounds, selling permits for stands, &c. All persons wishing to use the grounds or sell refreshments are referred to the committee.

By order of the Board.

INSTRUCTIONS TO JUDGES.

1. When a majority of the Judges on any section are present, they shall constitute a quorum, and be authorized to award premiums, and the first on the list of those present, shall be chairman. The Judges, if not satisfied as to the regularity of the entry, will apply to the Secretary for information.

2. *A premium will not be awarded when the article is not worthy, though there be no competition.*

3. The Judges on Animals will have regard to symmetry, early maturity, size and general characteristics of the breed which they judge. They will make proper allowance for age, feeding, &c., *but will not give encouragement to over-fed animals in breeding classes.*

4. No premiums will be awarded to barren females exhibited in breeding classes.

5. The Judges on fat cattle will require all cattle in this class to be weighed, ascertain their superfluous, and report the same; require of competitors a full statement in writing as to the manner and cost of feeding, before awarding any premium.

6. When horses are entered to compete in classes, testing their speed and endurance, they will be required to make one mile and repeat.

The standard authority in all cases of pedigrees of cattle shall be the English and American Herd Book, and for horses, the English and American Stud-Book, and American Turf Register.

7. Judges are instructed not to *divide out* premiums among exhibitors—but in all cases to award the premium to the *best* article. The Judges will be expected to give their *reasons for their decisions*, embracing the valuable and desirable qualities of the Animals or articles to which premiums are awarded; *in Fruits to give lists of collections in which they award premiums.* And as one great object of the Agricultural Board is to collect valuable information upon subjects connected with Agriculture, the several awarding committees are requested to gather all the information possible from exhibitors, in their respective departments, and make their reports as full as circumstances will permit.

8. Each committee will make its report of awards to the Secretary, at the business office, as early as possible after its completion.

9. The decisions of the several committees will be final and irrevocable in regard to the premiums awarded.

10. *Any improper interference with the duties of awarding committees will be properly reported to the business office, and awards will be withheld for this reason; but when called upon, by the proper committees, they are requested to give all information in their possession to facilitate the labors of the committee.*

It is especially desirable that every exhibitor determine fully in what class and section he desires to compete before making application for entries.

4. The secretary and treasurer will keep their offices near the entrance to the fair grounds during the week of the Fair, and will be ready to do business at all reasonable hours of the day.

5. The superintendent will provide for the wants of the exhibitors; receive, arrange, and keep in order, everything connected therewith; see that good order is maintained within the enclosure, and keep the Board well advised of everything connected with the exhibition. He will be aided in the discharge of these duties by an assistant to each hall; also, one to the horse and mule department; and one to the cattle, sheep, and hog department; the several duties of whom shall be to attend especially to the departments assigned to them.

6. An efficient police force will be on the ground day and night.

7. Ample arrangements will be made in the way of pens, stalls, feed and bedding for stock; but exhibitors will be required to pay fair rates for all grain, meal, and hay used by them.

No exhibitor shall be allowed, personally, to have access to the books of the secretary during the Fair, but may, on proper application, have such explanations as are necessary, made by the secretary.

8. Articles for which no premiums are offered will be entered in the classes to which they naturally belong, as *non-enumerated*, and will be passed upon by the committee in those classes, complimentary notices given of them and published, and such recommendation as they may be entitled to in their judgement. Such recommendation, however, will be subject to the approval of the Board.

9. Competition will be open to the United States and the Canadas, except as otherwise provided herein.
